		with MySql and Java							
Shams,Haseeb		Healthcare data Warehouse	All	10.30am					
		management and analysis							
Note: Each project presentation takes roughly 10 minutes, providing									
information on project importance, work involved, new things learnt, relevance									
of project to data warehousing and mining, parts of project completed and									
parts left to complete. By presentation day, I expect at least 50% of work									
completed. For group projects, each group member's contribution has to be									
clearly stated. Complete project report and demonstration will have to be									
completed by Mon, April 15. Project demo times slots are: Mon., Apr. 15,									
2:30pm, 3:00pm, 3:30pm, 4:00pm, 4:30pm, 5:00pm, 5:30pm, 6:00pm, 6:30pm.									
additional time slots in the morning from 11:00am to 1:30pm had also been created.									
report should be submitted at least a day or two before demo.
